Chapter 8 - Inventories: Measurement. For many businesses, the primary source of revenue is from the sale of goods. In order for a business to earn a profit, its sales revenue must exceed all direct and indirect expenses for the period. For a merchandising business, as well as a manufacturing business, the cost of goods sold and the value of the inventory still on hand at the end of a period are significant items in the determination of both net income and financial position. Chapter 8 -
