James Burke, John Carrigan. In the conclusion to his groundbreaking series, James Burke continues to make incredible connections to history's most important discoveries and inventions. Connections 3 (TV Mini-Series 1997-1998) - IMDb Connections explores an Alternative View of Change (the subtitle of the series) that rejects the conventional linear and teleological view of historical progress. Burke contends that one cannot consider the development of any particular piece of the modern world in isolation. Rather, the entire gestalt of the modern world is the result of a web of interconnected events, each one consisting of a person or group acting for reasons of their own (e.g., profit, curiosity, religious) motivations ... James Burke:

Connections - Top Documentary Films James Burke (born 22 December 1936) is a British broadcaster, science historian, author, and television producer. He was one of the main presenters of the BBC1 science series Tomorrow's World from 1965 to 1971 and created and presented the popular television series Connections (1978), and its more philosophical sequel The Day the Universe Changed (1985), about the history of science and ...
